

Hello to our Dunstone Community!

In school, we would love to create a whole-school display themed around a garden to welcome everyone back to school when we reopen again.

Over the next few weeks, we are asking everyone to contribute something to the display so that we can celebrate all our school members!

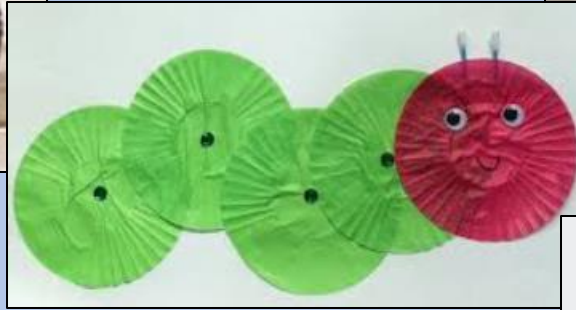

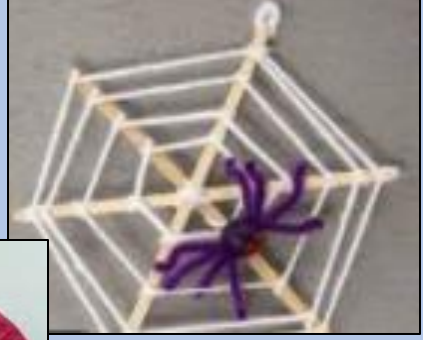

Over the next few slides there will be some examples of creations to inspire you, but don't be restricted by our ideas, we would love to see anything you create that can fit into our garden!

Flowers

Mini beasts

Birds

Leaves and foliage
