

Foxes Class Autumn Term 1 Parent Information

Sow. Grow, Farm

This half term, Foxes Class will be learning about the culture and practice of farming across the world. This includes how farming is different in less well-developed nations compared to the modern methods we use in Britain. We will also be looking at sustainability of Farming including how many ‘food miles’ our meals make to get to us and how we can reduce this burden on the environment. Now that is food for thought!

Topic Focus	Geography
